OCTOBER 2022 NEWSLETTER

5 THINGS YOU NEED TO  
KNOW ABOUT COVID-19  
THIS FALL.

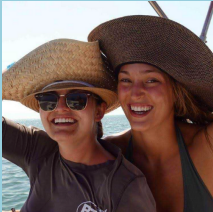

As Ontarians move into the colder months, we talked about all things pandemic with Dr. Fahad Razak, a general internist and epidemiologist at St. Michael's Hospital. The former scientific director of Ontario's COVID-19 Science Advisory Table tells us what to expect from COVID-19, why we should consider taking the latest vaccines, and how we can continue to protect the people who remain the most vulnerable to the virus. He also gets personal about how the pandemic has impacted his own family. → [Read more.](#)

HUMANCARE STORIES.

Canadian Olympic sprinter declares St. Michael's a winner for the patient experience his mother received → [Read more.](#)

After a popular vlogger and mental health advocate took her life, her family launched a fundraiser for suicide prevention at St. Michael's → [Read more.](#)

What Dr. Sakina Rizvi has learned about the link between the brain and a person's risk of suicide, thanks to Research Innovation Council funding → [Read more.](#)
